

619 16th Street
Moline, IL 61265

Building Official

\$68,675.98 - \$96,146.96

Monday – Friday

7 a.m. – 4 p.m.

Characteristics of the Job

Manages and coordinates the activities of the Building Section in support of policies, goals and objectives established by the City Engineer by performing the following duties personally or through subordinate employees. Work is performed exercising independent judgment within the guidelines of established policies and goals.

Examples of Duties

Manage and provide direct supervision of all daily activities of the Building Section.

Manage the plan review process prior to the issuance of permits.

Develop and implement innovative, practical, and customer service-oriented solutions to a wide variety of Building Code and Health Inspection problems and disputes.

Work cooperatively with other City departments and divisions, governmental agencies outside the City of Moline, contractors, developers, engineering firms, business owners and other interested parties to provide uniform and superior customer service.

Hire, transfer, suspend, lay off, recall, promote, discharge, direct, evaluate, reward and discipline employees; adjust employee grievances; or recommend any of these actions.

Develop budget estimates based on anticipated needs and administer assigned budget accounts related to the operation of the Building Section.

Prepare analyses of activities, costs, operations and forecast data to determine section progress

toward stated goals and objectives and report findings to division manager.

Create, maintain, retrieve, ensure strict confidentiality, and destroy inspection records and files as required by law.

Ensure duties assigned are carried out in compliance with local, state and federal regulations and laws and conformance to acceptable standards and practices.

Conduct periodic building and field inspections to check the work of section employees.
Provide final staff interpretation of all technical codes, procedures and policies used by the section and document same where appropriate.

Serve as lead staff person and ex-officio member to all appeals boards.

Evaluate and make recommendations to appeals boards and the City Council for adoption or amendment to all technical codes enforced by the section.

Prepare and maintain periodic technical and statistical reports and records for plan review, permitting, inspections, violations, and other section activities.

Confer with contractors, engineers, property owners, and other customers explaining and interpreting all technical codes and regulations enforced by the section.

Provide timely data and accurate responses to requests for services and information.

Develop and make available informational materials and programs to assist customers in complying with applicable Codes, and section policies and procedures.

Serve as city representative to other agencies, organizations and professional associations concerning section activities.

Other duties may be assigned.

Requirements

Training and Experience

Bachelor's degree in construction management, engineering, architecture, business management or related field; five years of experience as a Building Official/Commissioner; five years of supervisory experience; demonstrated knowledge and experience in all construction disciplines; or any equivalent combination of training and experience which provides the required knowledge, skills and abilities.

Knowledge, Skills and Abilities
